

# SIMULIA Helps Keep Me Warm and Dry

## Simulation for the Real World

Developing consumer products for everyday life demands sophisticated engineering practices. From simulating the behavior of advanced materials to understanding the way diapers fit snugly but comfortably, our customers use SIMULIA solutions to understand and improve how consumer products work in the real world. We partner with our customers to deploy realistic simulation methods and technology, which helps them drive innovation and keep consumers smiling.

SIMULIA is the Dassault Systèmes Brand for Realistic Simulation. We provide the Abaqus product suite for Unified Finite Element Analysis, Multiphysics solutions for insight into challenging engineering problems, and SIMULIA SLM for managing simulation data, processes, and intellectual property.
